HC Deb 18 March 2003 vol 401 cc760-858 760

[Relevant document: The Fourth Report from the International Development Committee, on Preparing for the humanitarian consequences of possible military action against Iraq (HC444-I).] §

Mr. Deputy Speaker (Sir Alan Haselhurst) I have to inform the House that Mr. Speaker has selected the amendment in the name of the right hon. Member for Islington, South and Finsbury (Mr. Smith). §

The Prime Minister (Mr. Tony Blair) I beg to move, "That this House notes its decisions of 25th November 2002 and 26th February 2003 to endorse UN Security Council Resolution 1441; recognises that Iraq's weapons of mass destruction and long range missiles, and its continuing non-compliance with Security Council Resolutions, pose a threat to international peace and security; notes that in the 130 days since Resolution 1441 was adopted Iraq has not co-operated actively, unconditionally and immediately with the weapons inspectors, and has rejected the final opportunity to comply and is in further material breach of its obligations under successive mandatory UN Security Council Resolutions; regrets that despite sustained diplomatic effort by Her Majesty's Government it has not proved possible to secure a second Resolution in the UN because one Permanent Member of the Security Council made plain in public its intention to use its veto whatever the circumstances; notes the opinion of the Attorney General that, Iraq having failed to comply and Iraq being at the time of Resolution 1441 and continuing to be in 12.35 pm
